INSPIRED BY TECHNOLOGY
DRIVEN BY WATER

Setting up or changing settings on a control valve has never been easier!

- The menu consists of 5 main screens listed on the left of the screen:
 - Dashboard
 - Advanced Settings
 - Status and History
 - Dealer Information
- Regeneration may be initiated from any screen by pressing one of the buttons on the bottom left:
 - Regenerate Unit Now
 - Regenerate at Next Regen Time
- Simply touch **Set** to make changes to anything in orange font
- Fields in blue font are for information only

DEALER INFORMATION

Dealers can enter all of their contact information into the system on the dealer information screen

Quickly view detailed data by touching the corresponding graph

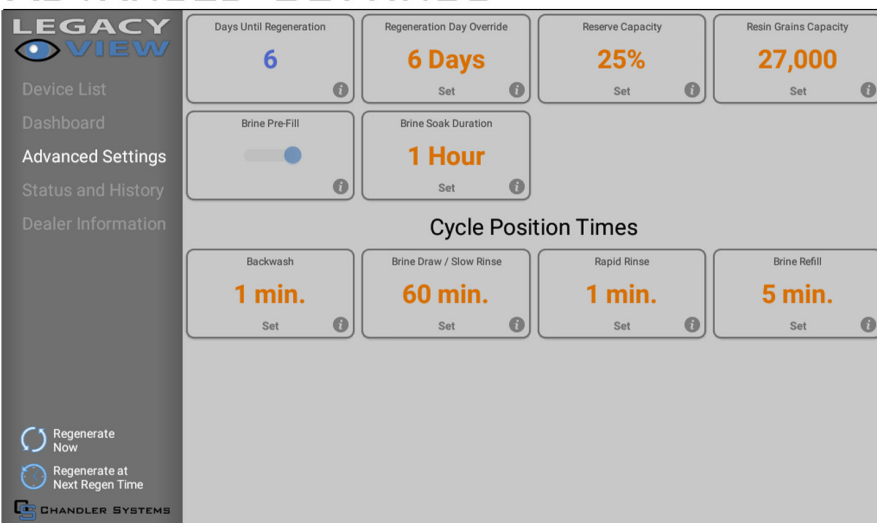

| Water Usage: Gallons Per Day | |
|------------------------------|--------------|
| Date | Gallons Used |
| 8/04 | 2,250 |
| 8/03 | 2,220 |
| 8/02 | 2,190 |
| 8/01 | 2,160 |
| 7/31 | 2,130 |
| 7/30 | 2,100 |
| 7/29 | 2,070 |
| 7/28 | 2,040 |
| 7/27 | 2,010 |
| 7/26 | 1,980 |
| 7/25 | 1,950 |
| 7/24 | 1,920 |
| 7/23 | 1,890 |
