

Turn Every Pressure Tank Into a Smart Water System with

BluQ Pump Controller

Monitor. Diagnose. Protect.

- ✓ **Pressure, Voltage & Amp Monitoring**
Automatic pump control
- ✓ **Easy Installation**
Spacious NEMA 3R-rated wiring compartment
- ✓ **Heavy-Duty Contactor**
Built for reliability & long life
- ✓ **Leak Detection**
Automatically shuts off the pump
- ✓ **Water Usage History**
Optional meter required

BluQ Pump Controller

Product Number	Product Description	Ship Weight
B-PC115-25	BT Pump Controller 115V / 25 Amp	4
B-PC115-25-K1	BT Pump Controller 115V / 25 Amp w/ Flow Meter	5
B-PC115-30	BT Pump Controller 115 V / 30 Amp	4
B-PC115-30-K1	BT Pump Controller 115V / 30 Amp w/ Flow Meter	5
B-PC230-25	BT Pump Controller 230 V / 25 Amp	4
B-PC230-25-K1	BT Pump Controller 230V / 25 Amp w/ Flow Meter	5
B-PC230-30	BT Pump Controller 230 V / 30 Amp	4
B-PC230-30-K1	BT Pump Controller 230V / 30 Amp w/ Flow Meter	5

Monitor & Control from the BluQ App

 CHANDLER SYSTEMS

 1.888.363.9434

View system performance and adjust pressure settings directly from your smartphone via Bluetooth connection.

Built for Years of Reliable Service

Heavy-duty electromechanical contactor engineered for dependable operation.

Fast, Straightforward Installation

Integrated union connection helps reduce installation time.

Spacious, Flexible Wiring Layout

Roomy NEMA 3R wiring compartment simplifies routing and servicing.
